

Installing Node.js

Step - 1:

Windows Installer (.msi) :

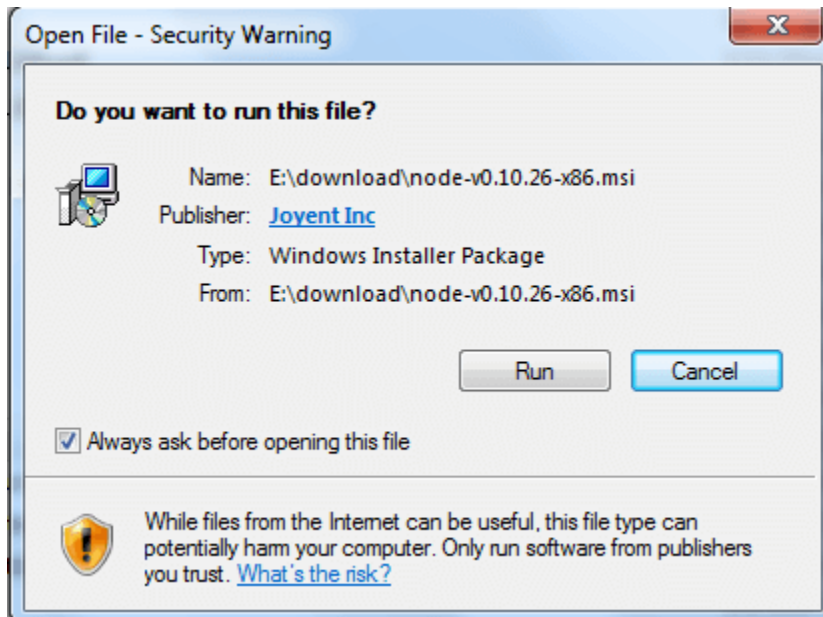

Download from here :

<https://nodejs.org/dist/v9.8.0/node-v9.8.0-x64.msi>

and Double click on the file when the download is done.

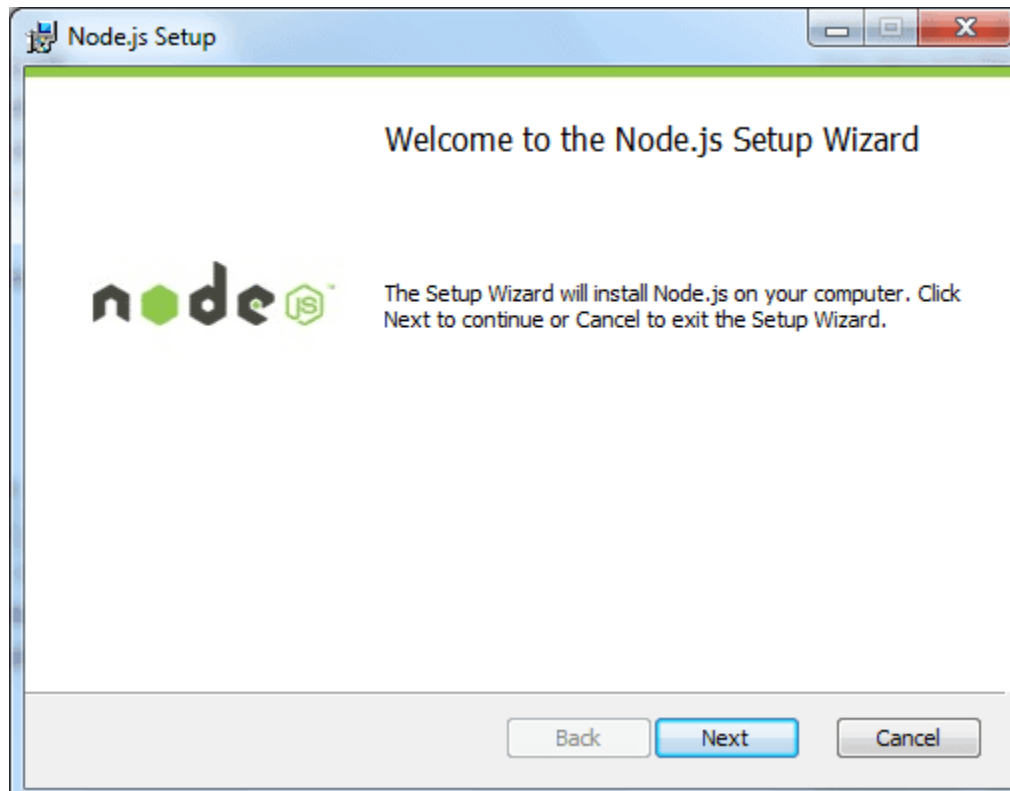

Step - 2:

The following screen will come -

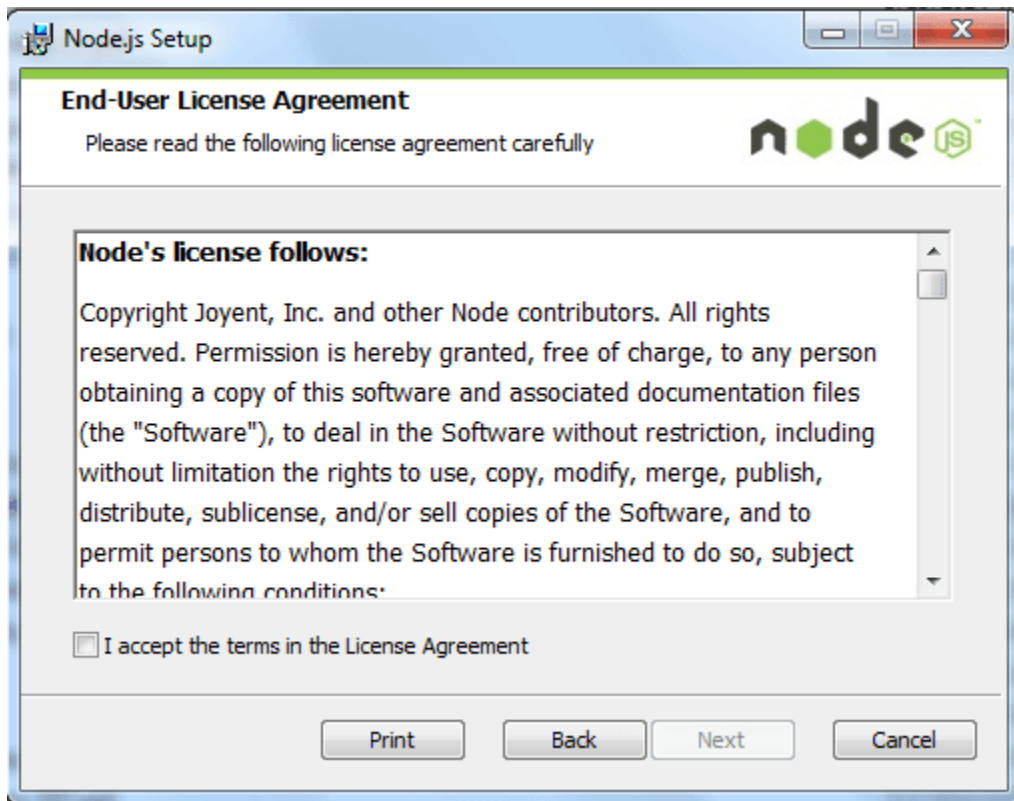

Step - 3 :

Clicking on Run button the following screen will come

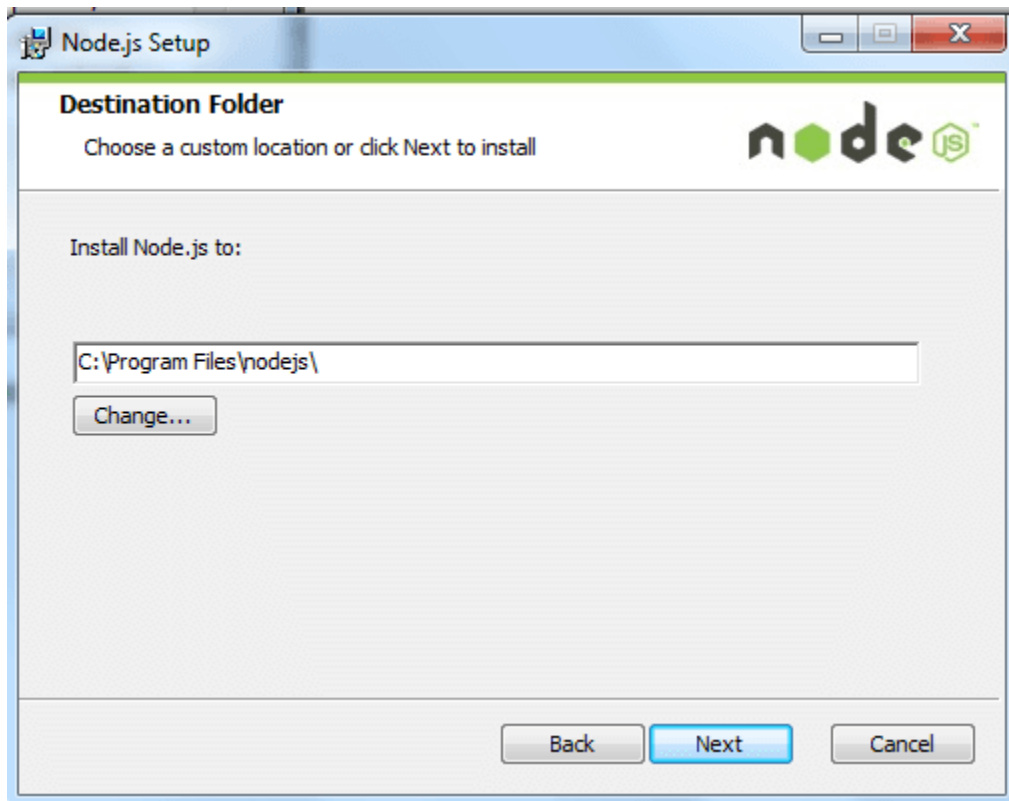

Step -4 :

Accept the license agreement and click on next button :

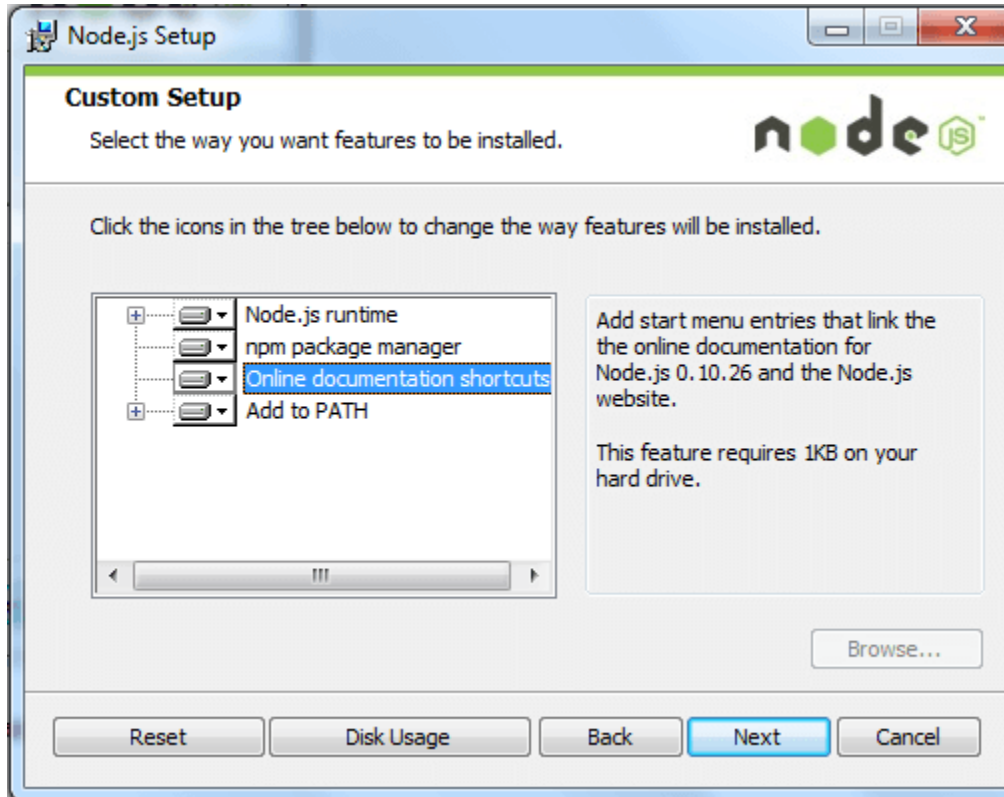

Step - 5 :

Here "C:\Program Files\nodejs\" is the default folder name. Click on next -

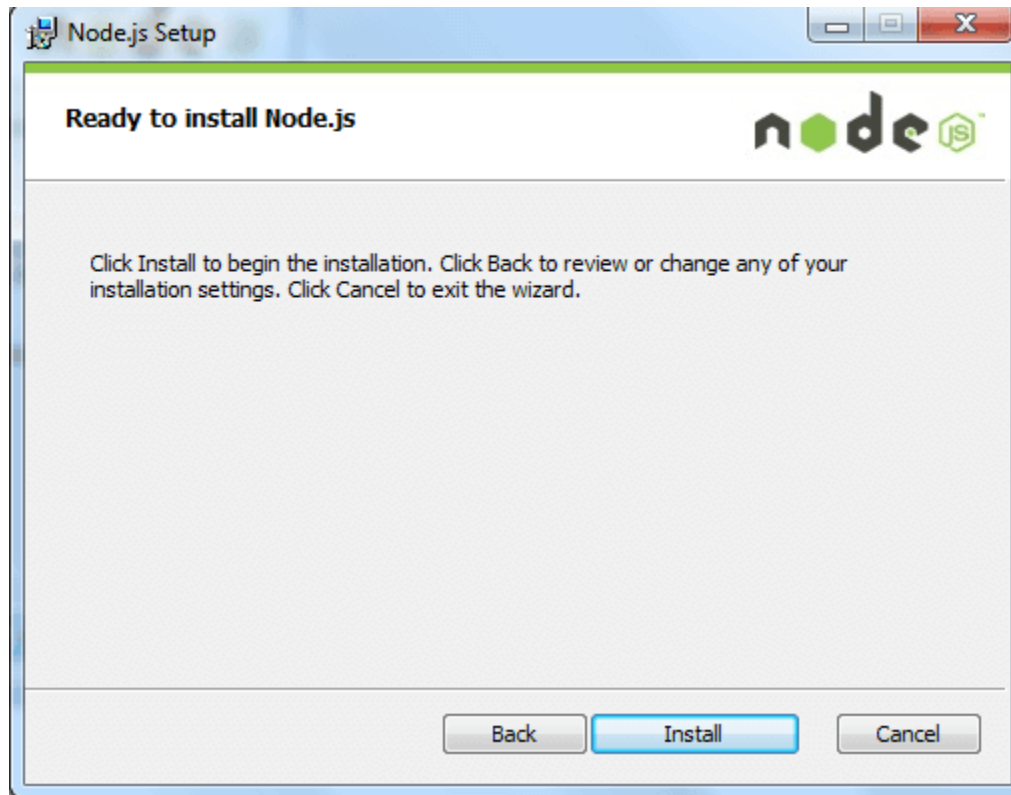

Step - 6 :

Click next -

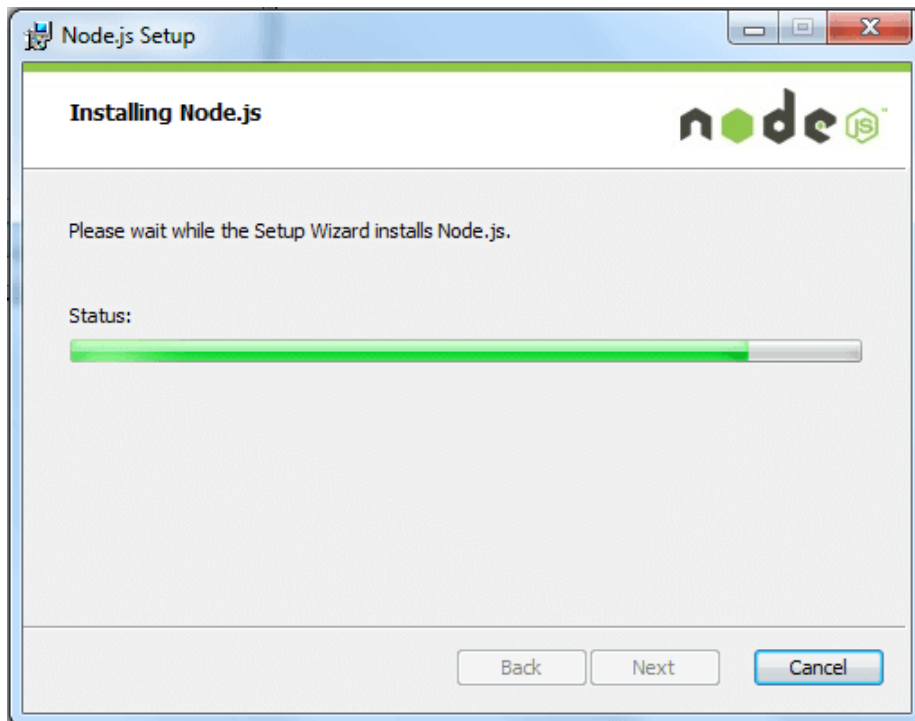

Step-7 :

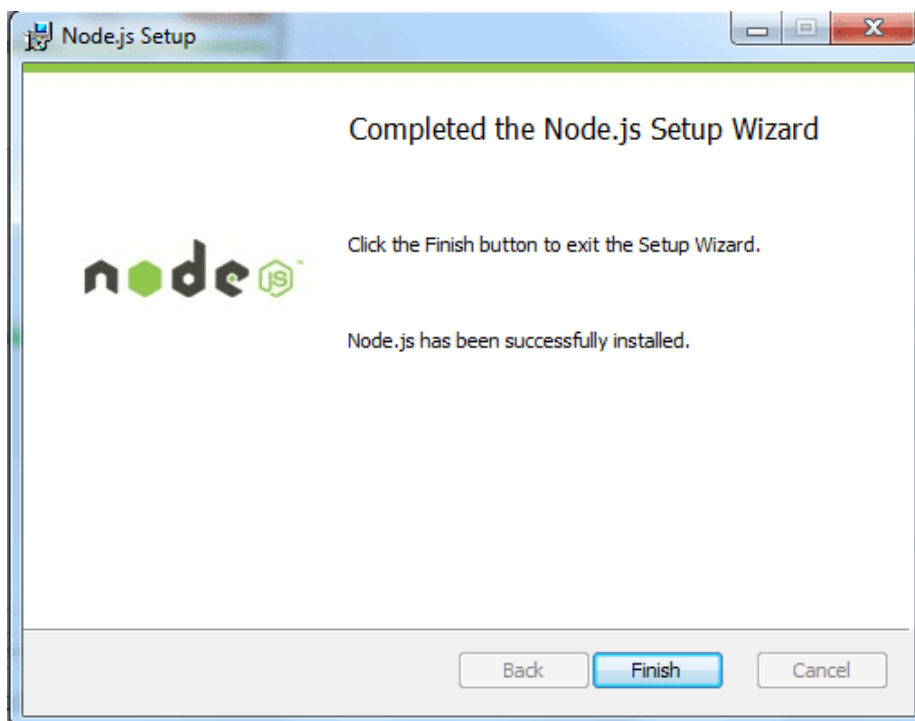

Click Install to begin the installation:

Installation in progress :

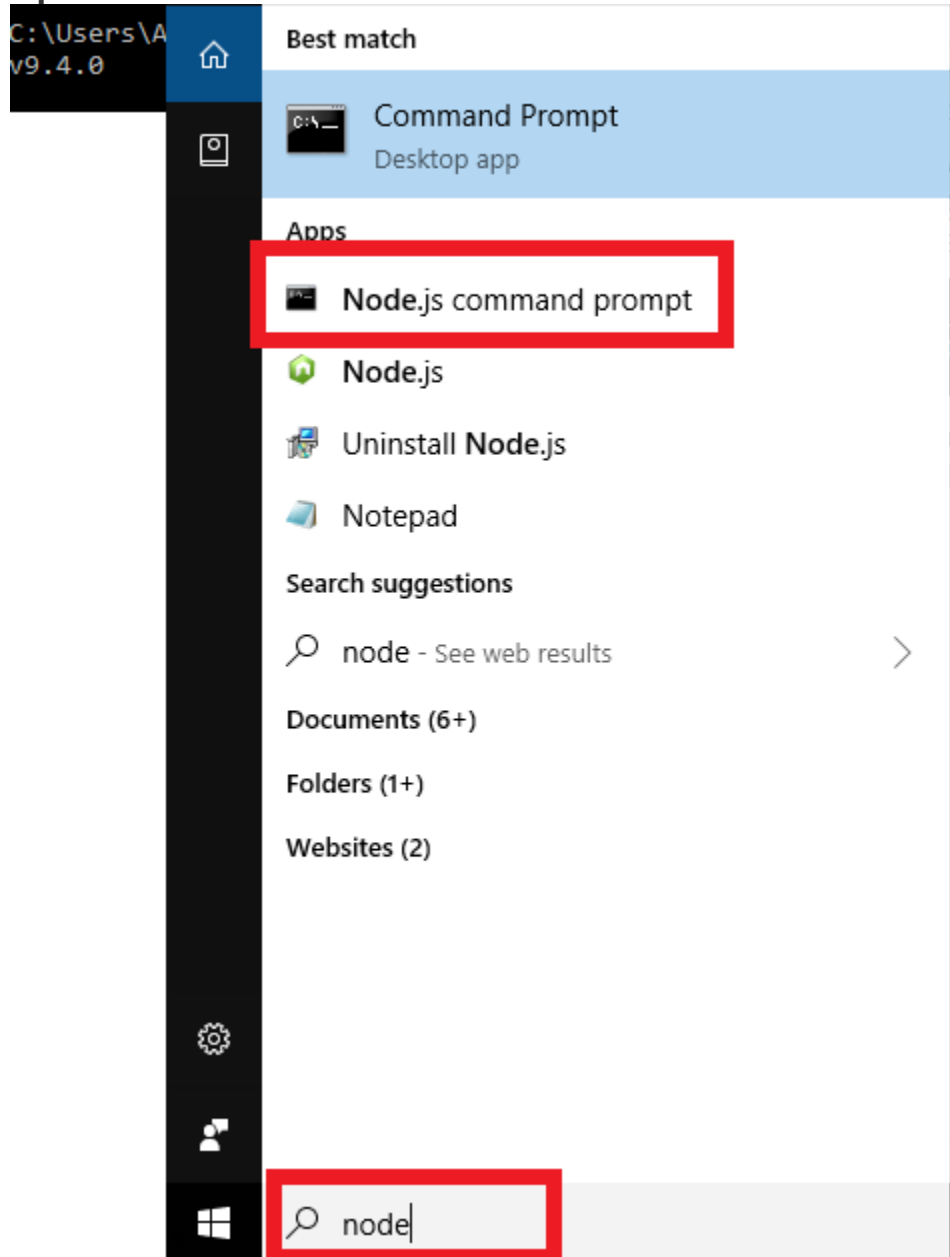

Click the Finish button to exit Setup wizard.

Step - 8 :

Now you can check the version of Node :

- Open node cmd:

- execute the following command.

```
C:\Users\Anna.DESKTOP-RLP7NAJ>node --version  
v9.4.0
```

If you get an output like shown above, then you have successfully installed Node.js in your machine.
